E shape · Root position

B♭6/9

x x 8 7 8 8

1 3 6 9 (B♭ D G C)

Base triad: B♭ major, root position The 6th takes the 5th's string. The 9th gets a string of its own.

Construction rules

Start from a triad. Root, 3rd and 5th, stacked in thirds. The 3rd makes it major or minor; the 5th makes it diminished or augmented when it moves.

No 7th, no stack. 6, add9, add11 and 6/9 are a triad with a colour note, not a stack. Without a 7th the chord sounds open rather than jazzy.

On guitar, something has to give. Each extension takes the string of a triad note that matters less, usually the 5th, or gets a string of its own. The root and 3rd stay: they say what the chord is.
